🪪 PROFILE

Fresh IT graduate with strong networking knowledge (CCNA-level), Microsoft technologies (Office 365, Windows administration), and hands-on projects in LAN/WAN design. Experienced with troubleshooting, database (SQL), and web development (HTML, CSS, JS, Laravel). Skilled in teamwork, customer support, and problem-solving. Seeking an entry-level IT Support or Junior Network Engineer role to apply both technical and communication skills.

🗃 CERTIFICATES

- CCNA: Introduction to Network
- CCNA: Switch, Routing, and Wireless Essentials
- HCIA-IoT V3.0 Course
- Getting Started with Cisco Packet Tracer
